

AP Psychology Summer Reading Assignment 2013

Mr. Doyle

Welcome to AP Psychology! To prepare for the class, you'll be required to complete a summer reading assignment that will enhance your knowledge of psychology, increase your interest, and prepare you for the level of material in this class.

Your summer reading book is *Science Friction: Where the Known Meets the Unknown* by Michael Shermer.

There will be a **test** given in class **within one week of the start** of the new school year. This book may be obtained in local libraries, book stores, and online retailers. **Students are responsible for getting the book for themselves.**

At my website, you'll find links that will help you find the book:
<http://doyleqhs.weebly.com/summer-reading-2013.html>

If you have any questions at all, feel free to contact me at doyleqhs@gmail.com!

Enjoy the book and have a great summer!

For Amazon links to all of the books, please see this page at my website:
